

# BEAM SPOT LAMPS CONTAIN UVA

50W **13699** 75W **13700** 100W **13701** 150W **13702**

**E27 220-240V 50/60Hz**

Creates warm relaxing areas for reptiles. Emits infrared light and supports thermoregulation. UVA radiation activates natural animal behaviour and stimulates appetite. Raises the room temperature of the terrarium.

Note: protect from water splashes.

#### Distance from Bulb

Wattage	4"(10CM)	6"(15CM)	8"(20CM)	12"(30CM)	18"(45CM)	24"(60CM)
50W	32°C	28°C	27°C	25°C	24°C	22°C
75W	40°C	34°C	31°C	28°C	27°C	26°C
100W	>50°C	41°C	35°C	31°C	29°C	28°C
150W	>50°C	>50°C	42°C	35°C	32°C	31°C

Test environment temperature: 20-21°C
